High-Quality Basic Nutrition

NEKTON Complete Premium Canary Multipellets were specially developed to meet the nutritional needs of canaries, exotic and wild birds. The pellets contain a balanced combination of seeds, grains, and plant-based ingredients, ensuring reliable basic nutrition.

Supporting Vitality and Plumage

The formula helps promote the vitality of the birds and supports a shiny plumage. This makes **NEKTON Complete Premium Canary Multipellets** particularly suitable for daily and long-term feeding.

Consistent Nutrient Intake

The pelleted form prevents selective feeding. All contained nutrients are consumed evenly, ensuring a constant and well-balanced diet.

Natural Variety

The combination of high-quality ingredients such as millet, canary seed, grains, and plant-based components provides variety and appeals to the natural feeding behavior of the birds. Feeding thus becomes not only balanced but also more interesting.

This special recipe provides:

- Supporting a balanced diet
- Promoting **vitality and plumage care**
- **Consistent intake** of all nutrients
- Variety through **natural ingredients**
