Balanced nutrition for large parrots

NEKTON Complete Premium Parrot Multipellets is a high-quality complete feed specifically formulated to meet the needs of large parrot species. The nutrient-rich recipe provides all essential nutrients and contributes to a healthy, active, and long life.

Nutrient-rich formula

The pellets contain carefully selected plant-based ingredients and valuable additives that cover the daily requirements for proteins, fats, vitamins, and minerals. This strengthens the immune system, supports vitality, and improves feather quality.

Natural variety in every pellet

Corn, peas, wheat germ, peanuts, fruit components, and seaweed form the basis of this balanced recipe. Each pellet combines taste and nutrients, ensuring that your parrot receives all important ingredients while preventing selective feeding.

Easy feeding

NEKTON Complete Premium Parrot Multipellets are easy to dose and can be offered several times a day in small portions. The compact pellet form prevents selective eating, as every bite contains the complete nutrient combination.

This special recipe provides:

- Support for the immune system
- Promotion of vitality and feather quality
- Balanced supply of essential nutrients
- High acceptance and easy feeding
